

Name: _____

Interstellar Cinderella is a new version of the fairytale Cinderella. Author Deborah Underwood updated many elements of the traditional Cinderella fairytale that we all know. She changed the setting, she changed the characters, and she even changed the ending of the story!

Can you draw a line matching the story element from the traditional Cinderella fairytale with its update in *Interstellar Cinderella*?

Cinderella . . .

leaves behind her glass slipper

wears a beautiful ball gown

married the prince

is helped by her fairy godmother

dreamed of finding love

lives in a faraway land

has mice friends named Jaq and Gus

dances with the prince at the ball

Interstellar Cinderella . . .

talks with the prince at the ball

has a robot mouse friend named Murgatroyd

leaves behind her sonic socket wrench jewels

lives in outer space

becomes the prince's chief mechanic

wears an atomic blue spacesuit with jewels

dreams of fixing fancy rockets

is helped by her fairy godrobot
